

# WAKOL RV 105 Neoprene Dilution

## Technical Information

### Area of application

Solvent mixture for cleaning tools.

### Technical data

Raw material base:	organic solvent mixture
Storage temperature:	store in a cool location not sensitive to frost
Storage time:	24 months in the sealed container
Marking according to Ordinance on Hazardous Substances:	see safety data sheet
GISCODE:	not applicable

### Usage

Dirty tools should be cleaned when fresh where possible. With reactive adhesives the tools must be cleaned before the adhesive sets.

### Important (Notes)

We guarantee the uniform high quality of our products. All data is based on tests and many years of practical experience and refers to standardised conditions. The variety of materials used and the different construction site conditions, which lie beyond our control, preclude any claims based on this data. We therefore recommend making sufficient trials. Accompanying flooring manufacturer's instructions and the current national standards must be observed. We gladly provide technical advice.

The product data sheets can be found in their latest version at [www.wakol.com](http://www.wakol.com).

This Technical Information of 13.12.2024 supersedes all previous versions.
